The 2x2 Super Follow-me Matrix

CYCLE = \$300 Referral Check + FREE Shipping
Or

\$300 Commission check and a \$200 Walmart Card
Refer 2 people and you are qualified for life!

Real Testimonials from REAL People!

When you join MPB you purchase a \$200 Pre-paid Grocery Receipt that you can use To shop for brand name foods immediately and you pay the shipping on non-perishable items from South Eastern Delivery Company or you can hold on to that prepaid receipt and redeem it for a \$200 Walmart card when you cycle. Cycling is having 6 total people in your Matrix of which you must have two to qualify for Matrix pay for life! But the more people your sponsor The more often you will cycle! In this Example you have completed your sponsors Matrix .

This is now what your matrix looks like. You are always at the top of your matrix and are only concerned with filling your 6 spots. In this example you have sponsored Jack and Diane and now you go help them get their two or you can fill your own matrix. You only need 2 people to qualify to receive cycle pay for life. But, the more people you personally sponsor in to MPB the more often you will cycle. So don't stop at 2! Everybody needs help these days!

Now that Jack and Diane have gotten their two, your Matrix is full you have Cycled! You can now order groceries with your Pre-paid grocery receipt and the company will pay your shipping or you can redeem it for a \$200 Walmart Gift Card to spend at Walmart or Sam's Club and a \$300 commission check. The company pays weekly so no waiting around for your check to arrive.

You can now Shop at Walmart and Sam's Club with your \$200 Gift Card

- Pharmacy- No more choosing food over meds.
- Eyeglasses
- Groceries
- Oil changes
- Electronics
- Garden supplies
- New Tires
- Gasoline at Sam's Club and some Walmarts
- You can even use your Gift card to shop online!
- Even Cell Phones and Internet service!

Now let's take a look at where you go when you cycle off of your Matrix. The computer looks for the first available position in your sponsor's Matrix and fills it from left to right, top to bottom. In this case your sponsor has a new person Jim and the next available position is to Jim's right. You follow your sponsor just like your team follows you!

Now Jim goes out and sponsors Donna and Sherry. Remember that the Matrix fills from left to right directly under their sponsor. You never lose anyone and your personally sponsored people always follow you.

Now let's take a look at your matrix and see what happens when your personally sponsored people cycle off of their Matrices.

Diane cycled off of her first Matrix and the computer looked for you and she followed you in to the first available spot on your matrix-which fills from left to right top to bottom directly under you! Bill cycled off of his matrix and followed his sponsor Diane and Diane sponsored a new person, Cindy! The more people you refer to the program the more people are following you at any given time and you cycled more often!

Now Jack cycled off of his Matrix, receives his \$200 Walmart card and \$300 commission check and the computer looked for you and placed him in your current Matrix, in the first available spot to the right of Diane.

Now, Jack's personally sponsored people , Ted and Alice, cycled off of their Matrices and followed Jack to his next Matrix which cycled you again from the second time! You receive your \$200 Walmart Card and \$300 commission check. That's a total so far of \$600 in commissions and \$400 in Walmart cards for a total of \$1000! Not bad for bringing in just two people and helping them to get their two! Now that you have cycled, the computer looks for your sponsor and you get placed in a new matrix, again with no more money out of pocket! There is no limit to how many times you can cycle! This can happen over and over again, week after week, day after day!

Let's take a look at how an organization or real go-getter can show up on your Matrix multiple times. Let's say that you sponsor a Church and they want to start a food ministry, like two of the Baptist churches we have on our team. The Church signs up and puts it forth to the congregation. When the church cycles, they put \$300 in to their coffers and break down the Walmart Gift Cards in to \$50 or \$100 increments and hand them out to the people in need. What a great community outreach program! Meanwhile the congregation is out there referring it to others, cycling, and supporting both the Church and themselves at the same time

Lucy, in the meantime, is not quite herself. While Lucy's condition is preventing her from inviting anyone to the program, the Church is cycling like crazy! Every time the church cycles it looks for your current matrix and the Church follows you in to the next available spot.

Lucy just found out she's having a baby so she is a bit preoccupied . But the Church is still cycling like crazy! And the computer looks for where you are and fills the last spot in your Matrix and you cycle!

Again you receive a \$200 Walmart Gift Card and a \$300 Commission check. And again you have cash and a gift card to shop for whatever you want at Sam's Club or Walmart! How about that 50" Flat screen TV you always wanted? Or how about just a new mattress? That extra income can help you in so many ways!

Ok, remember I said that you need two people to qualify for cycle pay for life? Well, let's take a look at what happened to Lucy with the Church cycling so fast before she was able to qualify with her two people.

The Church is still cycling like crazy and their efforts have also cycled Lucy before she was able to get her two personally sponsored people. Here's the great thing about MPB Today, Lucy NEVER loses her cycle pay. It gets banked for her until she gets her two people. The minute she gets her two, she will receive her \$200 Walmart Gift Card and \$300 commission check. This is an incredible incentive for someone to go out and refer the program to others. If you had \$500 in cash and a Walmart Gift Card waiting for you to collect, I think you would be out telling everyone you know about this incredible program. I know I would. And remember it just takes TWO!

NO LIMITS TO CYCLING!
